GRADUATES ANNOUNCED FOR SPRING CONVOCATION

A. D. CAIRNS, Registrar of the University, has announced the numbers of students to receive degrees and diplomas in Arts, Commerce, Agriculture, Library Science, Physical Education and Recreation Administration, Household Economics, Nursing, and Rehabilitation Medicine.

Four hundred twenty-four graduates will receive Arts degrees, 44 with Honors, 13 in Fine Arts, and 14 in Music; 69 Bachelor of Physical Education degrees and 13 Bachelor of Arts in Recreation Administration will be awarded. One hundred eighteen Bachelor of Commerce, 72 Bachelor of Agriculture, and 42 Bachelor of Library Science degrees are being awarded. Seventy-three Bachelor of Science in Household Economics, 89 Bachelor of Science in Nursing, and 17 School of Nursing Diplomas in Teaching and Supervision will be awarded.

Diplomas will go to 11 students in Occupational Therapy, 21 students in Physical Therapy, and 34 Public Health Nursing students.

PEOPLE

Two members of the library staff participated in the annual meeting of the Alberta Library Association in Calgary on May 10-11. C. DAVID EMERY, Head of the Book Order Department of the University Library, was elected First Vice-President of the Association. GEORGE G. TURNER, Associate Librarian, was a member of the panel discussing "The Future of Library Associations in Canada."

DONALD C. FAIR, Associate Professor of Educational Psychology, will present a paper at the Canadian Guidance and Counselling Association Convention June 1-3 in Edmonton. The title of his paper is "Some Implications of Humanistic Psychology for the Practice of Counselling."

Three members of the Department of Biochemistry have been awarded research grants from the National Cancer Institute of Canada: JOHN S. COLTER, Professor and Chairman of Biochemistry, received \$19,000 for "Interaction of Nucleic Acids and Cultured Mammalian Cells;" WILLIAM PARANCHYCH, Associate Professor of Biochemistry, received \$13,900 for "Studies on

Persistent Infection by Phage R17;" and CHRISTOPHER J. SMITH, Associate Professor of Biochemistry, received \$59,750 (a three-year grant) for "Studies of Amino Acid Acceptor RNA."

JOHN B. TAYLOR, Associate Professor of Art, has been invited by the Federation of Canadian Artists to present a lecture on his work at the Vancouver Art Gallery on June 4.

From May 8 to May 17, DAVID J. HICKSON, Visiting Professor in the Organizational Behavior Research Unit of the Faculty of Business Administration and Commerce, made a research and discussion tour of the sociology departments of the Universities of Chicago and Wisconsin and the Administration and Industrial Relations Schools at Cornell University and Kent State University in Ohio.

DOUGLAS V. PARKER, Associate Professor of Secondary Education, has been appointed Section Head of the American Council on the Teaching of Foreign Languages (ACTFL) Bibliography Committee, for a term of three years.

ALLEN BERGER, Associate Professor of Elementary Education, participated in two presentations at the annual convention of the International Reading Association in Kansas City from April 28 to May 2. Dr. Berger discussed reading and the blind, and reading tests for high school and college students.

MARION E. JENKINSON, Professor of Elementary Education, and Dr. Berger presented papers at the First Annual Conference of the Saskatchewan Reading Council at the University of Saskatchewan in Saskatoon from May 9-10. Dr. Jenkinson's presentation was titled "The Role of Administrators and Consultants in Developing Independent Readers." Dr. Berger discussed "Understanding the Underachieving Reader of the Junior-Senior High."

BRIAN MACDONALD, Assistant to the Vice-President, Academic, will replace CLARE DRAKE as Coach of the Golden Bears hockey team for the 1969-70 season. Mr. Drake will be on sabbatical leave for the year.

JOHN B. REDFORD, Director of the School of Rehabilitation Medicine, was the Program Chairman of the American Academy of Physical Medicine and Rehabilitation meeting from April 24 to 26. Dr. Redford also presented a paper and film on "From Amputation to Ambulation in 30 Days."

Dr. Sanders

JAMES SANDERS, Associate Professor of Mathematics, died Friday, May 16.

Dr. Sanders was born in Toronto in 1921. He received his B.A. from the University of Toronto in 1943, and his M.A. from Queen's University in 1949. In 1951, he earned a Ph.D. from the University of Syracuse.

Following his graduation from Syracuse, Dr. Sanders was a Fellow at the Institute for Advanced Studies at Princeton University. He then taught at the University of the West Indies in Jamaica, the University of Glasgow in Scotland, and the University of Western Ontario, before his appointment to the staff of the University of Alberta in 1963.

Dr. Sanders was the widower of PATRICIA MARGARET SANDERS, Assistant Professor of Pharmacology, who died October 22, 1968.

NOTICES

FOLIO PUBLICATION

This will be the last regular weekly issue of FOLIO until the fall. During the intersession and Summer Session, FOLIO will appear less frequently.

MOVING POLICY

The following statement of University policy is published at the request of E. F. HUNTER, Purchasing Agent, for the information of administrative personnel. It is intended that it will be incorporated into the *Manual of Purchasing and Procurement Procedures*, now undergoing revision.

The Shipping and Receiving Department is

responsible for moving equipment, furniture, and parcels from one place to another on the campus. Funds for this expense are provided in the Shipping and Receiving Appropriation, except as may be noted hereunder.

Procedures for initiating these movements are as follows:

1. A Parcel to be Picked up at one Department and Delivered to Another Department on the Campus:

Telephone the dispatcher at Shipping and Receiving, local 4121, 4122, or 3228. A receipt for the parcel will be left by the driver when he calls. He will obtain a signature for the parcel at the point of delivery so that proof of delivery will be available as needed.

It is expected that smaller parcels will be forwarded from one department to another through the University Post Office.

2. Furniture and Heavy Equipment:

Telephone the Furniture Moving and Distribution Division, local 4390. Some notice of the timing and the nature of the movement is desirable. If the equipment is very heavy, requiring special equipment to handle it, a commercial mover will be engaged.

3. To Move a Department:

If the move is a major one (into a new building, or into new quarters in an old building) the Purchasing Department is to be advised well in advance so that adequate preparations may be made. Telephone the Assistant to the Purchasing Agent, local 3275.

The Purchasing Department will provide detailed instructions and information on how the move is to be accomplished. Packing boxes and carrying boxes will be provided as required. When fragile or expensive equipment is to be moved, special insurance against loss or damage may be arranged. The expense of hookup and minor installation work for equipment moved from the previous quarters will be

borne by the Shipping and Receiving Moving Appropriation.

The foreman or supervisor in charge of major movements of furniture and equipment will arrange for electrical and mechanical hookup of equipment through the Projects Division of the Department of Physical Plant. The expense of hookup and minor installation work for new equipment purchased for the new quarters is to borne by the capital equipment appropriation or special fund from which the new equipment has been purchased. A requisition for this purpose signed by the head of the department or holder of the special fund will be required. When major alterations or changes to a building are required as the result of the move, application is made to the Campus Development Office. A change in a partition or doorway, the bringing of electricity or plumbing to the point of the hookup would be defined as alterations requiring arrangement with the Campus Development Office.

VEHICLE POOL AND GARAGE

Keys to vehicles from the Vehicle Pool and Garage will be issued from Room 355E, General Services Building. The management requests that keys and credit cards be returned to this office. A letter box has been installed in the door of the office for the after-hours deposit of keys and credit cards. If the building is locked, keys and credit cards may be mailed to the Vehicle Pool and Garage.

GARNEAU COMMUNITY LEAGUE

The Garneau Community League Hall (84 Avenue between 109 and 110 Streets) has been extensively renovated over the winter and is now available for hire for receptions, parties, etc. Contact T. M. NELSON, local 4420.

The Garneau Tennis Club (84 Avenue and 109 Street) invites membership applications from University staff. Additional information can be obtained from T. R. OVERTON, local 6344.

EXPLORING TOMORROW

Exploring Tomorrow, the weekly television program produced by University Radio and Television in co-operation with the CBC, will feature University staff on two segments.

On May 27, MAX WYMAN, Vice-President, Academic, who will succeed WALTER H. JOHNS as President of the University, will discuss with HENRY MAMET, Director of Radio and Television, his views on education, and its involvement, present and future.

On June 3, the Faculty of Agriculture will present a "look-in" on contributions and research of the Faculty, with F. V. MACHARDY, Dean of the Faculty, and two faculty members.

Exploring Tomorrow is shown at 6 p.m. Tuesday evenings, on Channel 5

PERSONAL NOTICES

Staff members may forward notices to reach the Editor by 9 a.m. the Friday prior to publication. They must be typed, and not exceed 35 words including heading. Advertisements received will be published at the Editor's discretion.
